Item 4 – Advisory Services

A. Firm Information

Fortress Financial Group, LLC (“Fortress Financial” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of the State of Minnesota. Fortress Financial was founded in April 2007 and became a registered investment advisor in August 2021. Fortress Financial is owned and operated by Daniel E. Langworthy, CIMA®, CPWA® (Founder, Financial Advisor).

This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Fortress Financial. For information about this Disclosure Brochure, please contact Debra Pladsen at (507)529-1400.

B. Advisory Services Offered

Fortress Financial offers wealth management services to individuals, high net worth individuals, trusts, estates, and small businesses (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Fortress Financial's fiduciary commitment is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

The Advisor's wealth management services typically include both investment management and financial planning services. Fortress Financial may also provide the services separately for certain Clients.

Fortress Financial provides customized wealth management solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related planning/advisory services. Fortress Financial works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Fortress Financial will then construct an investment portfolio, consisting of diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client's investment goals. The Advisor may also utilize individual stocks, bonds, and/or other types of investments, as appropriate, to meet the needs of the Client. The Advisor may retain certain types of investments based on a Client's legacy investments based on portfolio fit and/or tax considerations.

Fortress Financial's investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Fortress Financial will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Fortress Financial evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Fortress Financial may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Fortress Financial may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Fortress Financial may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will Fortress Financial accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Use of Independent Managers - Fortress Financial may recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers ("Independent Managers"). Independent Managers may be sourced directly or accessed through an investment management platform. The Client may be required to enter into a separate agreement with the Independent Manager[s].

Retirement Plan Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts ("IRAs"), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act ("ERISA") and/or the Internal Revenue Code ("IRC"), as applicable, which are laws governing retirement accounts. When deemed to be in the Client's best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Financial Planning Services

Fortress Financial will typically provide a variety of financial planning and consulting services. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Fortress Financial may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for wealth management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Fortress Financial to provide investment advisory services, each Client is required to enter into one or more advisory agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Fortress Financial, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Fortress Financial will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Fortress Financial will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.

- Wealth Management and Supervision – Fortress Financial will provide investment management and ongoing oversight of the Client’s investment portfolio.

D. Wrap Fee Programs

Fortress Financial includes securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a “Wrap Fee Program”. The Advisor customizes its wealth management services for its Clients. The Advisor sponsors the Fortress Financial Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client’s account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2023, Fortress Financial manages approximately \$250,759,876 in Client assets, all of which is managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more agreements with the Advisor based on the services selected.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid quarterly, advance of each calendar quarter, pursuant to the terms of the management agreement. Fees are based on the market value of assets under management at the end of the prior calendar quarter. Wealth management fees range from 0.45% to 1.25% annually based on the following incremental fee schedule.

Assets Under Management (\$)	Annual Rate (%)
First \$250,000	1.25%
\$250,001 to \$500,000	1.10%
\$500,0001 to \$2,000,000	1.00%
\$2,000,001 to \$5,000,000	0.90%
\$5,000,001 to \$10,000,000	0.80%
\$10,000,001 to \$25,000,000	0.65%
Over \$25,000,000	0.45%

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may have a fixed rate schedule. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Fortress Financial will be independently valued by the Custodian. Fortress Financial will conduct periodic reviews of the Custodian’s valuations.

Financial Planning Services

Fortress Financial offers financial planning services as project-based engagements and ongoing financial planning services. Project-based financial planning engagements are offered at a fixed engagement fee ranging from \$1,500 to \$20,000 per engagement. Ongoing financial planning engagements are billed a fixed engagement fee of \$1,500 to \$20,000 annually. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total costs will be determined prior to engaging for these services.

B. Fee Billing

Wealth Management Services

Fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Fortress Financial at the end of the prior calendar quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. Clients are urged to also review the statement provided by Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by Fortress Financial to be paid directly from their account[s] held by the Custodian as part of the management agreement and separate account forms provided by the Custodian.

Financial Planning Services

Project-based financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s]. Ongoing financial planning engagements are billed with an advance fee for the completion of the financial plan and then an ongoing financial planning fee, which may be billed quarterly, semi-annually or annually. The Advisor will not collect an advance for services that will not be completed in less than six (6) months. In such instances where services will exceed this timeframe, the Advisor will bill as the project progresses.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Fortress Financial includes securities transactions costs as part of its overall investment advisory fee through the Fortress Financial Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Fortress Financial for wealth management services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Fortress Financial, but would not receive the services provided by Fortress Financial which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Fortress Financial to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

Fortress Financial may be compensated for its wealth management services in advance of the quarter in which services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid wealth management fees from the effective date of termination to the end of the quarter. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Fortress Financial is partially compensated for its financial planning services in advance of the services. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory

services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination to the end of the quarter. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Fortress Financial does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the wealth management fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Fortress Financial does not charge performance-based fees for its wealth management services. The fees charged by Fortress Financial are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Fortress Financial does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Fortress Financial offers wealth management services to individuals, high net worth individuals, trusts, estates, and small businesses. Fortress Financial generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Fortress Financial primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Fortress Financial are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Fortress Financial will be able to accurately predict such a reoccurrence.

As noted above, Fortress Financial generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Fortress Financial will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Fortress Financial may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Fortress Financial will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Fortress Financial or its management persons. Fortress Financial values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor’s firm name or CRD# 315329.

Item 10 – Other Financial Industry Activities and Affiliations

The sole business of Fortress Financial is to provide investment advisory services to its Clients. Neither Fortress Financial nor its Advisory Persons are involved in other business endeavors. Fortress Financial does not maintain any affiliations with other firms, other than contracted service providers to assist with the servicing of its Client’s accounts.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Fortress Financial has implemented a Code of Ethics (the “Code”) that defines the Advisor’s fiduciary commitment to each Client. This Code applies to all persons associated with Fortress Financial (“Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor’s duties to each Client. Fortress Financial and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Fortress Financial’s Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (507) 529-1400.

B. Personal Trading with Material Interest

Fortress Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Fortress Financial does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Fortress Financial does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Fortress Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Fortress Financial requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Fortress Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or

traded afterwards. **At no time will Fortress Financial, or any Supervised Person of Fortress Financial, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Fortress Financial does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Fortress Financial to direct trades to the Custodian as agreed upon in the wealth management agreement. Further, Fortress Financial does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Fortress Financial does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Fortress Financial. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Fortress Financial may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices. Fortress Financial will generally recommend that Clients establish their account[s] at Fidelity Clearing and Custody Solutions and related divisions and entities of Fidelity Investments, Inc., including National Financial Services LLC, and Fidelity Brokerage Services LLC (collectively "Fidelity"), a FINRA-registered broker-dealer and member SIPC. Fidelity will serve as the Client's "qualified custodian". Fortress Financial maintains an institutional relationship with Fidelity, whereby the Advisor receives economic benefits from Fidelity.

Fortress Financial has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity platform is provided at no charge to the Advisor. The Fidelity platform includes brokerage, custody, administrative support, record keeping, technology and related services designed to support registered investment advisors like Fortress Financial in serving Clients. These services are intended to serve the best interests of the Advisor's Clients.

Fidelity may charge brokerage commissions (securities transaction fees) for effecting certain securities transactions. Fidelity enables the Advisor to obtain certain no-load mutual funds without securities transaction fees and other no-load funds at nominal transaction charges. Fidelity's commission rates are generally considered discounted from customary retail commission rates. However, the commissions and transaction fees charged by Fidelity may be higher or lower than those charged by other custodians and broker-dealers. Please see Item 14 below for additional information.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. Fortress Financial does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.

2. Brokerage Referrals - Fortress Financial does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Fortress Financial will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Fortress Financial will not be

obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

A Client may pay a commission that is higher than another qualified custodian might charge to effect the same transaction. The Advisor has determined in good faith that the commissions charged by Fidelity are reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not necessarily the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of the Custodian's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although the Advisor will seek competitive rates, to the benefit of all Clients, it may not necessarily obtain the lowest possible commission rates for specific Client account transactions. Although the investment research products and services that may be obtained by the Advisor will generally be used to service all of the Advisor's Clients, they may not equally benefit all Clients. Please also see Item 14.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Fortress Financial will execute its transactions through the Custodian as authorized by the Client. Fortress Financial may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by its Advisory Persons and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Fortress Financial if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Fortress Financial

Fortress Financial may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Fortress Financial may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

As noted in item 12, Fortress Financial has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s].

As part of the arrangement, Fidelity also makes available to the Advisor, at no additional charge to the Advisor, certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies. The Advisor may also receive additional services and support from Fidelity. As a result of receiving such services for no additional cost, the Advisor may have an incentive to continue to use or expand the use of Fidelity's services. The Advisor examined this potential conflict of interest when it chose to enter into the relationship with Fidelity and has determined that the relationship is in the best interests of the Advisor's Clients and satisfies its Client obligations, including its duty to seek best execution. Please see Item 12 above. The Advisor receives access to software and related support without cost because the Advisor renders wealth management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services. In addition, Fidelity has provided the Advisor with financial support in the launch of the Advisor and reimbursements for various third-party service providers.

B. Compensation for Client Referrals

Fortress Financial participates in an online investor matching program that seeks to match prospective advisory clients with advisors, such as Fortress Financial. The referral program provides information about investment advisory firms to persons who have expressed an interest in such firms. The Advisor pays a flat fee each time it is provided a potential lead. The Advisor does not pay ongoing compensation to this platform. The Advisor does not charge a higher fee for services as a result of paying this referral fee.

Item 15 – Custody

Fortress Financial does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Fortress Financial to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Fortress Financial to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Fortress Financial generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Fortress Financial. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of a wealth management agreement containing all applicable limitations to such authority. All discretionary trades made by Fortress Financial will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Fortress Financial does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Fortress Financial, nor its management, have any adverse financial situations that would reasonably impair the ability of Fortress Financial to meet all obligations to its Clients. Neither Fortress Financial, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Fortress Financial is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 more for services to be performed six months or more in the future.

Item 4 – Services Fees and Compensation

A. Services

Fortress Financial Group, LLC (“Fortress Financial”) provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Fortress Financial Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Fortress Financial as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, Fortress Financial includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor sponsors the Fortress Financial Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Fortress Financial Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Fortress Financial’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by Fortress Financial are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Fortress Financial. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Wealth management fees are paid quarterly, advance of each calendar quarter, pursuant to the terms of the management agreement. Fees are based on the market value of assets under management at the end of the prior calendar quarter. Wealth management fees range from 0.45% to 1.25% annually based on the following incremental fee schedule.

Assets Under Management (\$)	Annual Rate (%)
First \$250,000	1.25%
\$250,001 to \$500,000	1.10%
\$500,0001 to \$2,000,000	1.00%
\$2,000,001 to \$5,000,000	0.90%
\$5,000,001 to \$10,000,000	0.80%
\$10,000,001 to \$25,000,000	0.65%
Over \$25,000,000	0.45%

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may have a fixed rate schedule. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Fortress Financial will be independently valued by the Custodian. Fortress Financial will conduct periodic reviews of the Custodian’s valuations.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary wealth management services provided by Fortress Financial. Securities transaction fees for Client-directed trades may be charged back to the Client. Clients may incur certain fees or charges imposed by third parties

in connection with investments made on behalf of the Client's account[s]. Under this Wrap Fee Program, Fortress Financial includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to Fortress Financial for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Fortress Financial to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

Fortress Financial is the sponsor and portfolio manager of this Wrap Fee Program. Fortress Financial receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

Fortress Financial offers wealth management services to individuals, high net worth individuals, trusts, estates, and small businesses. Fortress Financial generally does not impose a minimum account size for establishing a relationship. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

The fees charged by Fortress Financial are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client. Fortress Financial does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Supervised Persons

Fortress Financial Advisory Persons serve as portfolio managers for all accounts, including the services described in this Wrap Fee Program Brochure. Details of the advisory services provided are included in Item 4.A. of the Disclosure Brochure.

Fidelity will serve as the Client's "qualified custodian". Fortress Financial maintains an institutional relationship with Fidelity, whereby the Advisor receives economic benefits from Fidelity. As part of the arrangement, Fidelity makes available to the Advisor, at no additional charge to the Advisor, certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies. The Advisor may also receive additional services and support from Fidelity. As a result of receiving such services for no additional cost, the Advisor may have an incentive to continue to use or expand the use of Fidelity's services. The Advisor examined this potential conflict of interest when it chose to enter into the relationship with Fidelity and has determined that the relationship is in the best interests of the Advisor's Clients and satisfies its Client obligations, including its duty to seek best execution. Please see Item 12 above. The Advisor receives access to software and related support without cost because the Advisor renders wealth management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of

its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services. In addition, Fidelity has provided the Advisor with financial support in the launch of the Advisor and reimbursements for various third-party service providers.
